

Frequently Asked Questions (FAQs) - Customers

SEPTEMBER, 2018

Upay Department

UNITED COMMERCIAL BANK LIMITED | UCB.COM.BD | UPAYBD.COM

What is Upay?

Upay is Bangladesh's 1st cryptographically secured QR (Quick Response) Code based digital payment system of UCB which can be used in payments that include purchasing of goods and services from a physical or online merchant, fund transfer from other banks debit/ credit cards, mobile top-up, insurance premium, ATM Withdrawal, etc.

Who are eligible to avail Upay services?

1. UCB Customers with valid NID, Mobile No and/or email address
2. UCB Credit Card Holders with Valid NID, Mobile No and/or email address
3. Anyone with valid NID, Mobile No and after complete KYC (Know Your Customer) verification

Anyone having a valid NID, Mobile No and/or email address can self-register after downloading the app from Google Play or Apps Store. However, they can start availing the services after completing KYC Verification and accepting Upay's Terms & Conditions.

How Can I download the Upay Apps from Google Play or App store?

You need to follow the following steps for downloading the app:

1. Click Play Store from your Android Phone or Apps Store from iPhone
2. In search option type **Upay UCB** for quick search.
Download the App.

How Can I self-register in Upay apps?

Please open the app & follow the below steps:

Step 1: Click **SIGN-UP** and complete the KYC.

- Mobile number
- Full name as per NID
- DOB
- NID/Smart Card Number
- NID/ Smart Card Image (both side)
- Email Id (optional)
- Referral mobile number (optional)

After the required verification, your account will be activated.

Step 2: You need to log in again

Step 3: Enter OTP which will be send to your registered mobile number.

Step 4: Accept the terms & condition for using Upay.

Step 5: Enter password

Step 6: Re-enter password

Step 7: Select secret questions & provide the answers accordingly. Answer is case sensitive.

Step 8: Press Ok

Can I use One NID/Smart card for multiple registration in Upay?

No. You are allowed to use only one NID for one Upay registration.

Can I provide NID number in account opening form & smart card number for registration in Upay?

No, you need to provide similar identification document in both case.

What are the mandatory documents for registration in Upay?

Currently, you are requested to provide your NID/Smart card image (both side) in Upay registration page.

How Can I Log-in to my Upay Wallet?

You can Log-in to your Upay wallet either by your mobile number or email ID. The steps are as below:

1. Open your Upay Wallet
2. Insert your registered mobile number or email ID
3. Press Log In
4. Insert Password
5. Press Continue

How can I recover password if I forget it?

You can simply set new password by clicking forget password option from login page. You need to follow following steps for reset the password:

Step 1: Enter your registered mobile number.

Step 2: Click forget password option

Step 3: You will get a POP UP for reset password

Step 4: Press OK.

Step 5: Enter OTP (OTP will be automatically filled in OTP option)

Step 6: Answer all security questions accordingly.

Step 7: Enter new password

Step 8: Confirm the same password

Step: Press continue

You will get a successful POP UP for password reset.

What will I do if I forget the security questions?

Please call **16419** for resetting the security questions. After proper verification, call center agent will reset your security questions. Once your security questions are reset, you need to follow the below steps for reset password:

Step 1: Enter your registered mobile number.

Step 2: Click forget password option.

Step 3: You will get a POP UP for reset password.

Step 4: Press OK.

Step 5: Enter OTP (OTP will be automatically filled in OTP option)

Step 6: Enter new password.

Step 7: Confirm the same password.

Do I need to set security questions again after reset password?

Yes, you need to set new security questions after reset the password. You can skip password set option till 30th September 2018. After this period, security questions reset is mandatory.

How can I reset security questions?

Please follow the below steps while reset the security questions:

Step 1: Enter your registered mobile number.

Step 2: Enter your login password.

Step 3: Select secret questions & provide the answers accordingly. You must select & provide all **(three)** security questions. Answer is case sensitive.

Step 4: Press continue.

Can I start using the Customer App immediately after enrolment?

For auto registered accounts in Upay, you can immediately use the Upay Customer app as soon as you download the app. However, for newly registered Upay services, you will be able use the below services.

- Balance Check
- Transaction Enquiry
- Scan to Pay
- Mobile Recharge
- Fund Wallet
- Upay on Delivery

After activation of your Upay account, you can also enjoy below services after verification

- ATM withdraw
- Wallet to Wallet
- UCB Account Tagging

Can I check the balance of both wallet & tagged a/c through Upay?

Yes, you can check your wallet balance immediately after registration. For getting UCB accounts balance, you need to wait till activation/verification of your wallet. The below are the steps through which you can view the balance.

- To check the wallet balance, you need to click "Balance" button.
- To check UCB tagged account, you need to swipe from right to left.

How can I add my UCB account(s) in Upay?

You can able to view all current & saving accounts in Upay after activation/verification of your Upay account.

If your UCB Accounts are not tagged automatically, then you can tag your account from Upay app by doing the following steps:

- Login to your Upay “App”
- Go to app’s Menu
- Press **UCB Account Tagging**
- Insert your CASA Account Number and Mobile Number (Name, Mobile Number, NID and Date of Birth must be same for CASA and Upay)
- View your tagged account at **Wallet**

If your UCB Account is not tagged, you can do by the following steps:

- Login to your Upay account from Upay Site (<https://www.Upaybd.com/login>)
- Select **Wallet** and press **Add (+)** button
- Insert your CASA Account Number and Mobile Number associated with CASA for OTP
- View your tagged account at **Account** and **Wallet**

**In future customers will be able to add/tag their credit cards also.*

Can I add multiple UCB Bank accounts/cards in my Upay wallet?

Customer can add multiple UCB Bank accounts with Upay Digital Wallet.

You can call our 24/7 Call Center at **16419** to get the support from our agent or send email to info.Upay@ucb.com.bd from your registered email address.

Do I need to register again in case I change my mobile set?

No. You must ensure that you are using your registered mobile number that you provided with your UCB Account in the new mobile set. You need to download Upay App from Google Play or Apple Store and log in using your previous 'User ID' and 'Password'.

Do I need to register again in case of changing registered mobile number?

No. You need to send formal request to any branches of UCB with your signature that you provided while opening account in UCB for updating the new mobile number in the system. Accordingly, Bank will arrange for updating your Upay account. You will receive a 'One Time Password (OTP)' on your new mobile number which will be automatically filled by the app. After that you can continue using Upay as like before you did.

What should I do if I lose my mobile set? Is my Upay account safe?

If you lose your mobile set with mobile number or if it is stolen, your Upay Account is safe because you have the password without which your Upay Account cannot be operated. However, if your mobile is stolen please call to UCB 24/7 Call center at **16419** to lock the Upay account.

Also, contact with your Mobile Operator to block your mobile number. After withdrawing the new SIM, you can use your Upay Account as usual.

How can I see my previous transaction history?

You would be able to view your previous transaction history from Upay. Click Transactions Enquiry button in the opening screen. Each page will show 5 transactions. For further query you need to scroll down.

What should I do if I face problems while using Upay?

You can call our 24/7 Call Center at **16419** to get the support from our agent or send email to info.Upay@ucb.com.bd from your registered email address.

~~~ THE END ~~~
